Seniors Coalition Joins Conservatives at Annual Conference

The Seniors Coalition once again represented its members and supporters at the Conservative Political Action Conference (CPAC) held at Washington D.C.’s National Harbor. Each year conservative politicians and community leaders gather in the suburbs of the nation’s capital to bring together the finest conservative organizations and grassroots activists involved in American politics.

Seniors Coalition Monitors Senate Hearing Exploring the Rising Prices of Prescription Drugs

The Senate Committee on Aging recently held a hearing to explore the skyrocketing prices of prescription drugs and what effects it will have on the sick and elderly. The hearing, held in the Dirksen Senate Office Building, was one of a series of hearings to examine the sudden spike in prescription drug prices.

“It was very alarming to hear some of the testimony,” stated Executive Director Sean Ferritor. “Lives are being affected by the greed of manufacturers and their dash to recoup their investments and make a quick buck off of the sick and elderly,” continued Ferritor. “It’s disgusting.”

Seniors Coalition Monitors Senate Hearing Exploring the Rising Prices of Prescription Drugs

With Obama’s failed attempt to curtail the popular Medicare Part D prescription program, and his constant attacks on Medicare in general, senior citizens are fighting hard enough already without the gouging from big business drug manufacturers. We will continue to monitor this issue and work with Members of both the House and Senate to ensure that seniors are protected.

Dear Friend,

Thank you for all that you have done in support of our program and mission. You see, without your support, there is no Seniors Coalition. Without your support, there would be no effective seniors group fighting for your rights. And without your support, believe it or not, things could get even worse.

With your help we have had a busy start to 2016. We continue to tirelessly pursue a Member of Congress to introduce a bill to stop the dangerous and hated Totalization Agreement with Mexico. And Social Security, as everyone knows, is already in danger of going broke, and the only real way to protect the Trust Fund is to finally enact lock-box legislation that would protect it from Congressional raids. That’s why with your support we are promoting lock-box legislation in both the House and Senate.

And last but surely not least is your annual Cost-of-Living Adjustment. Thanks to your support we played a major role in the re-introduction of the Guaranteed 3% CoLA Act and are the only seniors group in Washington pushing for what’s fair for senior citizens.

Thank you for being good to The Seniors Coalition!

Seniors Coalition Joins Conservatives at Annual Conference

“There was a real buzz in the air at this year’s conference,” stated Executive Director Sean Ferritor. “It’s an election year, and a national election year at that,” continued Ferritor. “It’s been 7 long years under the Obama administration and I think senior citizens are starving for change and real leadership.”

This year’s event was thanks, in large part, to you. Without your constant participation and support, our legislative team would not be able to attend important events like CPAC. It is imperative that all Seniors Coalition members stay especially diligent in the coming months leading up to the November elections to ensure that seniors aren’t used as pawns in political showdowns.

Legislative Report from Executive Director Sean Ferritor

I want to thank you personally for all of the help you have given me on Capitol Hill. You see, without thousands and thousands of concerned senior citizens like you, The Seniors Coalition’s success in Washington would be impossible.

As I’ve said many times in the past, strength comes in numbers on Capitol Hill, and without your signed petitions and surveys, politicians could easily refuse to meet with me because I am not one of their constituents. But when any sane politician hears from their staff that The Seniors Coalition has requested a meeting to talk about an issue like the proposed totalization agreement with Mexico, for example, and that we have nearly one million petitions opposing such an agreement, they can’t pass up the opportunity. And that is why your continued participation is so very important.

When you sign and return the petitions you get from The Seniors Coalition, you make a personal impact on the U.S. Congress. So I want to once again personally thank you for all of your support and participation in our program.

That’s all for this month. If you have any questions or comments about our legislative or grassroots lobbying programs, please feel free to give me a call at 202-261-3594.
Seniors Coalition Launches 2016 National CoLA Petition Drive

Your 2016 Seniors Coalition national CoLA petition drive is under way and should be arriving in your mailbox shortly. We have a lot of work ahead of us in the 114th Congress. Together, you and I can make sure seniors will never be short-changed again by the bean counters on Capitol Hill.

It’s critical that you sign and return your 2016 Guaranteed 3% CoLA petition as soon as possible, so we can use your voice to gain as many cosponsors as possible. Your participation in this national petition drive is imperative to our success on Capitol Hill. Time is running out in the 114th Congress, so the time to act is now.

When I am on Capitol Hill meeting with Members of Congress and their staffs with stacks and stacks of your signed petitions, I become more than just a lobbyist for senior citizens. I become a voice for the hundreds of thousands of Seniors Coalition members who are tired of being short-changed on their annual CoLAs as the prices of goods and services critical to seniors keep rising at alarming rates.

Thank you for your continued support of The Seniors Coalition. Without your constant participation, our mission of fighting for senior citizens simply wouldn’t be possible. We look forward to working on your behalf during the remainder of the 114th Congress.
